For further information or to arrange an assessment

for the SLTC or any of Cyrenian Houses' TC programs, please contact Cyrenian Central on (08) 9328 9200.

Cyrenian House

Cyrenian House is a not-for-profit non-government organisation that has been operating within the alcohol and other drug (AOD) treatment sector since 1981. Cyrenian House has demonstrated an enduring capacity to deliver a professional and effective treatment service and is one of the leading AOD treatment services in Western Australia.

Cyrenian House supports and upholds a robust standard of cultural competence by recognising cultural needs and reviewing programs to ensure they meet the needs of Aboriginal, Torres Strait Islander, CaLD and LGBTIQ+ communities.

Cyrenian House acknowledges the past and present Traditional Custodians of this land and recognise our services are situated on Whadjuk Nyoongar Country, Bibbulmun Country and Yawuru Country.

Cyrenian House is certified against the Alcohol and Other Drug and Human Services Standard and the Australasian Therapeutic Communities Association Standard.

About us

Set in landscaped gardens close to the ocean and Rockingham café precinct, Serenity Lodge Therapeutic Community offers a residential treatment program for people (over 18 years) experiencing problems as a result of their alcohol and/or other drug (AOD) use. The program utilises the evidenced based Therapeutic Community (TC) model of treatment.

In the TC, we use active participation in group living and activities to drive individual change and the attainment of therapeutic goals. The program encourages self-responsibility and guides the individual towards optimal health and wellbeing.

Treatment consists of a four-stage program where residents are supported to meet their identified needs and goals.

Serenity Lodge is a smoke and vape free environment. Support and assistance with remaining smoke and vape free is included in the treatment program.

“Serenity Lodge changed my life. Looking back, I can see how the program changed me and it changed things for my kids too.”

Program elements include:

- Structured residential treatment program using the Therapeutic Community Model
- Treatment plans based on individual needs and goals
- Therapeutic and educational groups
- Counselling
- Case management and welfare support
- Life skills and work therapy
- Recreation and fitness programs
- Art and other creative activities
- Participation in community-based self-help groups
- Access to medical services
- Exit planning and referral to aftercare supports
